Synonyms, crossword answers and other related words for SMALL PARTICLE [molecule] We hope that the following list of synonyms for the word molecule will help you to finish your crossword today.

SMALL PARTICLE - crossword answers, clues, definition ...

The Krebs cycle generates only two ATP molecules per glucose molecule. This is because, when glucose is broken down in glycolysis to produce two molecules of pyruvate, and each pyruvate molecule is carboxylated into an acetyl, each acetyl group goes through Krebs cycle only once, and

produces one ATP molecule as a result.
